YEARS FAMILY OWNED

CHINESE-CANADIAN, FAMILY RUN

SC MFG Group is a Chinese-Canadian family business. Ownership and the commercial team are in Ontario, and we own the metal stamping factories in China that produce the parts in this catalogue.

That means one conversation from quote to container, in your time zone and your language. Send a drawing or a sample of what you buy today and we will quote it.

PRESS CAPACITY

1,500+ ton stamping press, so size and gauge are not a constraint on the parts we can produce.

MATERIALS

Galvanized steel, stainless steel, aluminum, copper, spring steel.

FINISHES

Powder coat and zinc plating standard. Customer-specified finishes matched.

TOOLING

Built to drawing or sample, including private-label and customer-branded parts.

HOW WE WORK WITH DISTRIBUTORS

Private label

Your brand, your packaging, produced to your spec.

Custom parts

Send a drawing or a sample and we will quote it.

Program supply

Container-volume programs, agreed pricing, scheduled shipments.
